COVID-19 VACCINE FACTS

The vaccine is safe and effective. It was tested on tens of thousands of people, from different races, ethnic groups, genders, and ages.

The vaccine cannot give you COVID.

Having side effects for one or two days (flu-like symptoms) is normal and means the vaccine is working!

When eligible, you can get the vaccine. Insurance and immigration status do not matter.

The vaccine does NOT change your DNA.

The vaccine is Halal.

Stay safe after being vaccinated by wearing a mask, staying 6 feet (2 meters) apart, and washing your hands often.

PROTECT YOURSELF. PROTECT YOUR LOVED ONES. GET VACCINATED
